

USING THE BASIC QUALIFICATION QUESTION BANK

What follows is one way to use the Coax Publications version of the ISED Basic Qualification question bank as a complement to the chapter tests on the SSPs .

CHAPTERS 2 and 3 QUESTIONS:

After reading Chapters 2 and 3 and viewing the power points open the question bank file. Use the CTRL F search function to find Sections 3-16; 4-6; 5-2; 5-3; 5-4; 5-5; 5-6. Just below the question number, you will find the section of the study guide (8th and 9th editions) or the ISED (IC) document (RIC-3, RIC-9, RBR-4, Safety Code 6, EMCAB-2, CPC-2-0-03) where you will find the answer. Check out all questions that have a “section number” that commences with 2 or 3. Try the questions. For some questions, comments have been added. Check these out.

CHAPTER 4 QUESTIONS:

After reading the chapter and viewing the power point for Chapter 4 open the question bank file. Use the CTRL F search function to find Sections 5-9; 5-10. Just below the question number, you will find the section of the study guide (8th and 9th editions) or the ISED (IC) document (RIC-3, RIC-9, RBR-4, Safety Code 6, EMCAB-2, CPC-2-0-03) where you will find the answer. Check out all questions that have a “section number” that commences with 4. Try the questions. For some questions, comments have been added. Check these out.

CHAPTER 5 QUESTIONS:

After reading the chapter and viewing the power point for Chapter 5 open the question bank file. Use the CTRL F search function to find Sections 5-9; 5-10. Just below the question number, you will find the section of the study guide (8th and 9th editions) or the ISED (IC) document (RIC-3, RIC-9, RBR-4, Safety Code 6, EMCAB-2, CPC-2-0-03) where you will find the answer. Check out all questions that have a “section number” that commences with 5 . Try the questions. For some questions, comments have been added. Check these out.

CHAPTER 6 QUESTIONS:

After reading the chapter and viewing the power point for Chapter 6 open the question bank file. Use the CTRL F search function to find Sections 7-1; 7-2; 7-3; 7-4; 7-5; 7-6; 7-7. 7-8. Just below the question number, you will find the section of the study guide (8th and 9th editions) or the ISED (IC) document (RIC-3, RIC-9, RBR-4, Safety Code 6, EMCAB-2, CPC-2-0-03) where you will find the answer. Check out all questions that have a “section number” that commences with 6 . Try the questions. For some questions, comments have been added. Check these out.

CHAPTER 7 QUESTIONS:

After reading the chapter and viewing the power point for Chapter 7 open the question bank file. Use the CTRL F search function to find Sections 6-1; 6-2; 6-3; 6-4; 6-5 . Just below the question number, you will find the section of the study guide (8th and 9th editions) or the ISED (IC) document (RIC-3, RIC-9, RBR-4, Safety Code 6, EMCAB-2, CPC-2-0-03) where you will find the answer. Check out all questions that have a “section number” that commences with 7. Try the questions. For some questions, comments have been added. Check these out.

CHAPTER 8 QUESTIONS:

After reading the chapter and viewing the power point for Chapter 8 open the question bank file. Use the CTRL F search function to find Sections 6-7; 6-8; 6-9; 6-10; 6-11; 6-12; 6-13 . Just below the question number, you will find the section of the study guide (8th and 9th editions) or the ISED (IC) document (RIC-3, RIC-9, RBR-4, Safety Code 6, EMCAB-2, CPC-2-0-03) where you will find the answer. Check out all questions that have a “section number” that commences with 8. Try the questions. For some questions, comments have been added. Check these out.

CHAPTER 9 QUESTIONS:

After reading Chapter 9 and viewing the power point for Chapter 9 open the question bank file. Use the CTRL F search function to find Sections 4-1; 4-2; 4-3; 4-4. Just below the question number, you will find the section of the study guide (8th and 9th editions) or the ISED (IC) document (RIC-3, RIC-9, RBR-4, Safety Code 6, EMCAB-2, CPC-2-0-03) where you will find the answer. Check out all questions that have a “section number” that commences with 9. Try the questions. For some questions, comments have been added. Check these out.
